## 2. EMPLOYEES & ACTIVE LISTINGS

#### 3. ORN (Office Registration Number)

Is given to you once you register with RERA in Dubai. This is a sign of authenticity and assures house hunters that you are regulated.

#### 4. HEAD OFFICE

Include your company's accurate office location details so customers know where to find you.

## **5. DESCRIPTION**

- Tell your audience whether you specialise in sales, rentals or commercial
- Share how long the company has been in the market for
- Mention how many agents work with you
- Tell users about the company's leadership and their relevant market experience

## 7. YOUR AGENT DETAILS

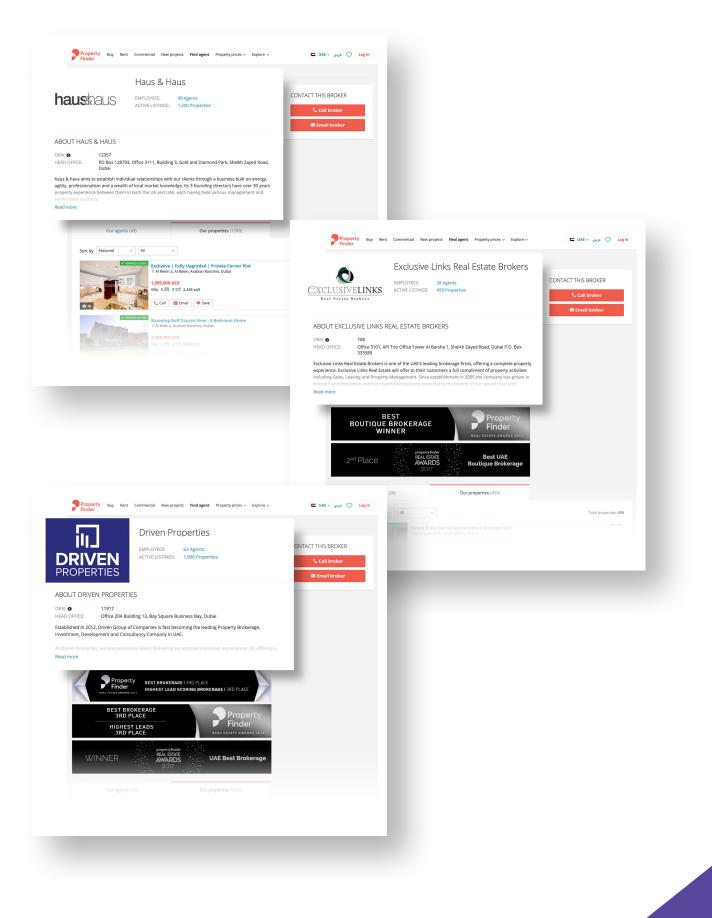

Include all agent profiles for the user to browse through and choose the right agent for their needs. Make sure all photos of your agents follow a uniform format so that it looks professional and consistent. Highlight what each agent specialises in, their nationality and the languages they speak. This will help house hunters reach out to the agent they are most comfortable conversing with. Ensure all of your agents' phone numbers and email addresses are correct.

#### 8. YOUR PROPERTIES

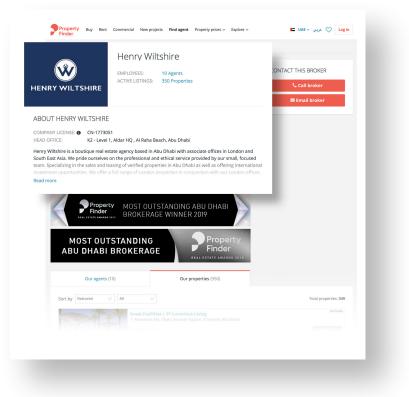

Display all properties listed with your company. These can include properties for sale, for rent, commercial (for sale/for rent), etc. Make sure all listings have top Quality Score, such as top-notch images, good property titles, with watermark, etc., so they leave a good impression on house hunters.
